Swivel wheels to mak displacement easy

Technical information: Gas type R22 | 800W | 8A | 0.5 kW/h (consumption)

Overall dimensions: 38" Length x 38" Wide x 77" High;

# GETTING TO KNOW THE COMPANY AND THE HISTORY

Tomasi Equipments

**TRADITION AND INNOVATION**

## TOMASI AND CHURRASCO HISTORY

Rio Grande do Sul is the most southern state of Brazil. And it was here in the XVII century where the Churrasco was born.

At that time the meat was cooked in holes on the ground. A simple recipe with fire, salt and a few hours until the meat is ready.

Tomasi came on the scene in the 1970's as a pioneer in automating our barbecue.

### Gas Grills

During the 80's charcoal became scarce and expensive and we needed a new product: the gas grill. It was a new way of cooking our delicious barbecue.

### Product Line

Since then we have increased our product line with salad bars, fryers, stoves, ovens and the entire Bakery Line, strengthening our name in the market, joining the tradition with the most modern equipment manufacturing.

### Your Own Steakhouse

The Brazilian barbecue concept has been spreading not only in restaurants, but in US, European and Australian homes through our partnership with Carson Rodizio. We jointly developed the Carson Kit, which turns the American grill into a complete steakhouse.

# Refrigerator for Skewers

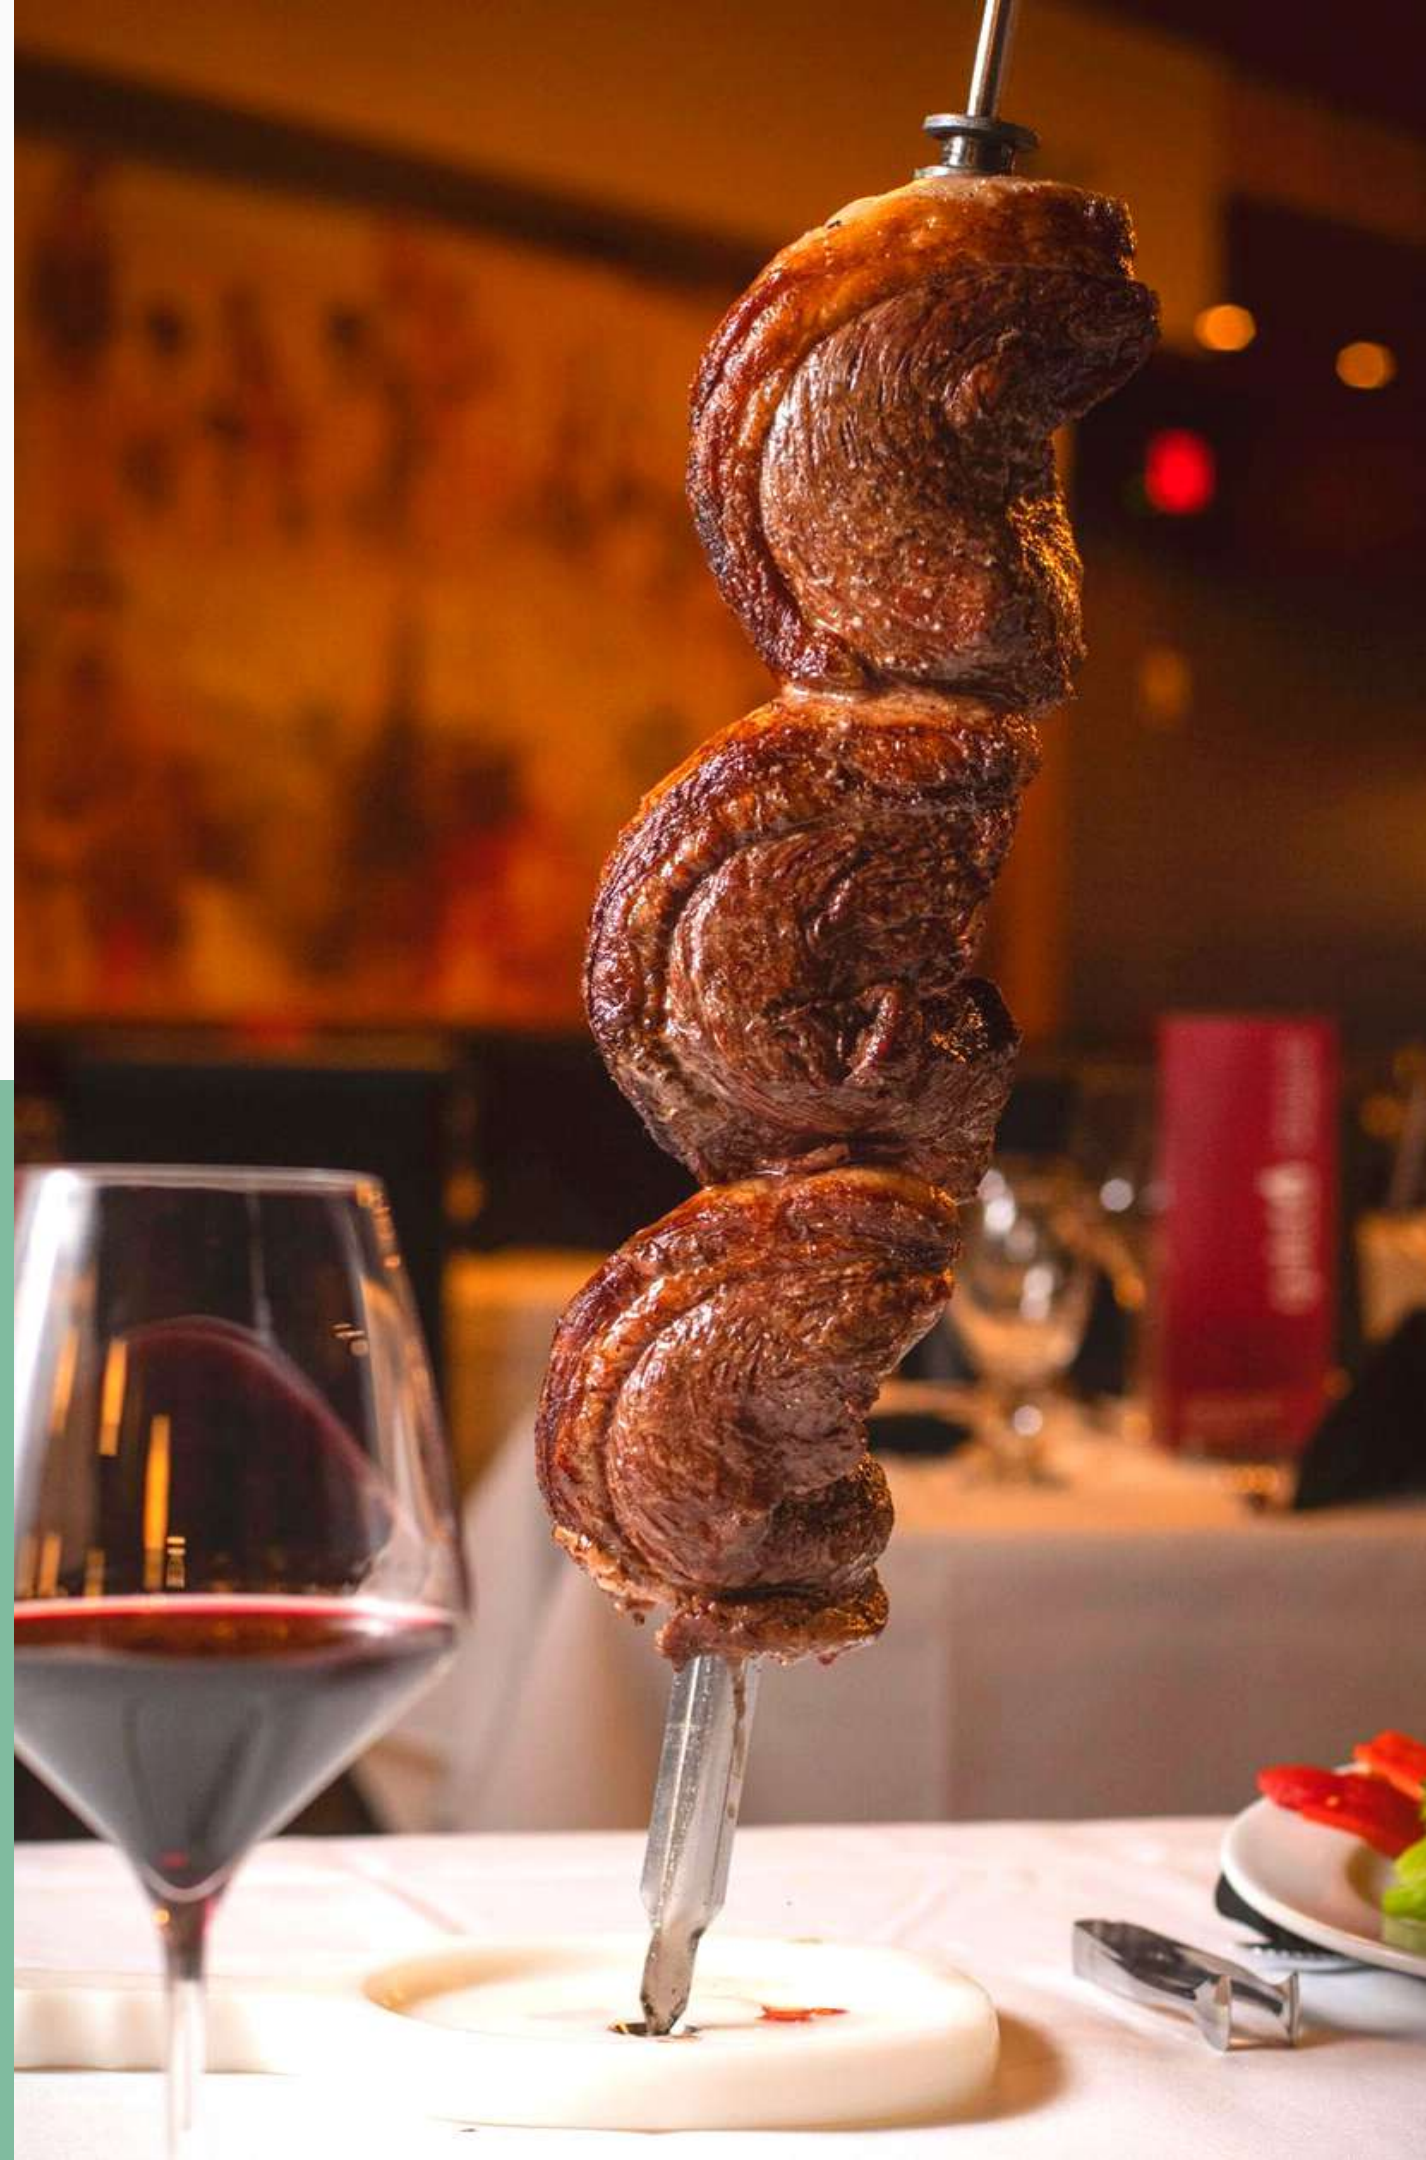

Inspiring good moments since 1970

# About us

Tomasi is the company that invented the rotisserie grill. Since then we've been designing new products and accessories to help you prepare and serve the traditional Brazilian churrasco.

# Tomasi Refrigerator for Skewers

This equipment was made to facilitate the daily operation of the steakhouse. With an efficient cooling system, the air flows all around the refrigerator, keeping the meat in the skewer in the perfect temperature.

# SPECIAL BENEFITS

## MAKING YOUR LIFE EASIER

*The best help in the daily routine*

With the meat already in the skewer, you just take it from the refrigerator directly to the grill.

## PERFECT FIT

*Special Width*

This equipment is larger than regular fridges to fit the skewers inside.

## SUPPORT FOR SKEWERS

*Large capacity*

With these special shelves, the refrigerator can hold 46 skewers in it.

# The Features

## FINISHING

Internal and external stainless steel finishing.

## LIGHTING

Indoor LED lighting.

## DOUBLE GLAZED DOOR

Better sealing and less condensation.

## *Refrigerated Service Counter for Skewers*

If you prefer, Tomasi also offers another option of a refrigerator for skewers: the Stainless Steel Service Counter.

With 4 drawers and special dimension to fit the skewers, this equipment is a popular option if you want a working surface.

## *A Brazilian Experience*

The Brazilian barbecue style is a consolidated concept across America.

We will give you the tools to spread this amazing flavor!
